

Mid-term exams, timetable, information purpose only  
2019/20/1, 2019 fall

BSc Electrical Engineering				
week	1st year	2nd year	3rd year	
1st				
2nd				
3rd			mid-term exam Management and business economics	
4th				
5th				
6th		mid-term exam Electrotechnics	mid-term exam Electronics 2	
7th	mid-term exam Mathematics A1	mid-term exam Electronics Technology and Materials	mid-term exam Study specialization subject 1	
		Homework Signals and systems 2	retake mid-term exam Electronics 2	
8th		retake mid-term exam Electrotechnics	mid-term exam Management and business economics	
	mid-term exam Basics of programming 1	mid-term exam Signals and systems 2	homework Industrial control	
9th			mid-term exam Study specialization subject 2	
	mid-term exam Foundation of computer science	mid-term exam Electronics 1	mid-term exam Study specialization subject 3	
10th			retake mid-term exam Study specialization subject 1	
	mid-term exam Physics 1	retake mid-term exam Signals and systems 2	retake mid-term exam Study specialization subject 2	
11th			mid-term exam Management and business economics	
	mid-term exam Mathematics A1	Homework Signals and systems 2	mid-term exam Introduction to electromagnetic fields	
12th		retake mid-term exam Electronics 1	retake mid-term exam Study specialization subject 3	
		mid-term exam Mathematics A3		
13th	retake mid-term exam Physics 1	mid-term exam Mathematics A4	retake mid-term exam Introduction to electromagnetic fields	
			homework Industrial control	
13th	homework Basics of programming 1	retake mid-term exam Mathematics A3	mid-term exam Laboratory 1	
	mid-term exam Foundation of computer science	mid-term exam Electronics Technology and Materials	mid-term exam Management and business economics	
14th		13Homework Signals and systems 2		
	retake mid-term exam Mathematics A1	retake mid-term exam Mathematics A4	mid-term exam Electronics 2	
	mid-term exam Basics of programming 1	mid-term exam Electrotechnics	homework Microcontroller based systems	
late			retake mid-term exam Management and business economics	
	retake mid-term exam Basics of programming 1	retake mid-term exam Electronics Technology and Materials	retake mid-term exam Laboratory 1	
	retake mid-term exam Foundation of computer science	retake mid-term exam Electrotechnics	retake mid-term exam Electronics 2	
exam	retake mid-term exam Mathematics A1			

Mid-term exams, timetable, information purpose only  
2019/20/1, 2019 fall

BSc Computer Engineering				
week	1st year	2nd year	3rd year	4th year
1st				
2nd				
3rd				
4th				
5th				
6th	mid-term exam Calculus 1 for informaticians			mid-term exam Embedded information systems
7th	mid-term exam Introduction to the theory of computing 1		mid-term exam Business law	
	homework Digital design			
8th	mid-term exam Basics of programming 1	mid-term exam System theory	mid-term exam Artificial intelligence	homework Embedded information systems
			mid-term exam Micro- and macroeconomics	
9th	mid-term exam Physics 1i	mid-term exam Probability theory	retake mid-term exam Artificial intelligence	
	retake mid-term exam Calculus 1 for informaticians		mid-term exam Study specialization subject 1	
10th		retake mid-term exam System theory	mid-term exam Study specialization subject 2	
	mid-term exam Digital design	mid-term exam Coding technology		
			retake mid-term exam Micro- and macroeconomics	
11th	retake mid-term exam Physics 1i	retake mid-term exam Coding technology	mid-term exam Mobile- and webbased software	
	mid-term exam Calculus 1 for informaticians	mid-term exam Databases	retake mid-term exam Study specialization subject 1	
12th	retake mid-term exam Digital design	retake mid-term exam Probability theory	retake mid-term exam Study specialization subject 2	mid-term exam Embedded information systems
	homework Digital design			
13th	mid-term exam Introduction to the theory of computing 1	mid-term exam Communication networks 1	retake mid-term exam Mobile- and webbased software	retake mid-term exam Embedded information systems
	homework Basics of programming 1	retake mid-term exam Databases	mid-term exam Artificial intelligence	
		homework Basics of programming 3		
14th	mid-term exam Basics of programming 1	retake mid-term exam Communication networks 1	mid-term exam Technology of IT devices	homework Embedded information systems
		mid-term exam System theory	mid-term exam Business law	
late	retake mid-term exam Calculus 1 for informaticians	late mid-term exam Coding technology	retake mid-term exam Technology of IT devices	
	retake mid-term exam Introduction to the theory of computing 1	retake mid-term exam System theory	retake mid-term exam Artificial intelligence	
	retake mid-term exam Basics of programming 1		retake mid-term exam Business law PZH	
exam	retake mid-term exam Introduction to the theory of computing 1
